

The Weymouth Enterprise
In a new venture in the newspaper field by
Vincent & Matthews of Fall, Mass. The
initial number of this new Weymouth
paper appeared last evening. It is an
eight-page sheet and appears to be bright
and lively, with a host of many enter-
prising of the South Shore towns. We extend a
cordial welcome to the new paper, and
trust it will labor with us in so far as it
handles our local matters for all that is
good and progressive for the town of
Weymouth. The editors, Miss Florentia
Vincent and Mr. David P. Matthews of
Fall are personally well known to us, and
we feel that their advent into our field
cannot but be a help to all good influences.
They evidently think that there is a need
for a paper in Weymouth, and we are glad
to see a demand for another paper in
this town, but the Gazette will still en-
deavor to fill its old position as the
people's paper of Weymouth, giving its
attention almost wholly to local matters
and our own town's interests.

"Manila, July 29, 1900—11 p. m.
(Editorial by dispatch to the Associated
Press from the Philippines do we see that
we are getting only carefully censored
information from that part of our free
and independent republic.

It is not about time that despatches
from the Philippines should come through
without being censored by the press cen-
sor? Does not this censored censorship
be over, favor too much of Russian
methods for a free people whose pride
and safety has always been in its free
press?

The Cramp Ship Building Company has
built the fastest cruiser in the world for
Russia. The Varyag broke all cruiser
records on her trial trip last week. She
is a most formidable vessel and will
prove a terror to the commerce of any
nation that she can catch her. There is
nothing about it that can catch her, while
she will be able to catch anything
even those greyhounds of the Atlantic,
the great steamers of the Inman and
Cunard lines.

Ex-Mayor Quincy is to forsake Boston
as he did Quincy after he obtained all
the honors possible in that city. He
will be able to pay the debts of his
administration—Brantree
Observer.

It is always a costly business when a
thorough going politician controls a city's
finances.

A gentleman takes exception to the
brief item in this department last week
suggesting as a solution of the Chinese
problem that every white man might be
withdrawn from China and a corollary
of battalions be thrown against them
to keep the Chinese within their
own country and let them fight out
their own bloody riots.

He holds that with the United States
urging the open door in China, the yellow
men should have the same right to come
freely to this country and that the item
in question was not in a liberal minded
spirit. He also argues that the missionaries
made the trouble and that New
England men follow in the introduction of
missionaries because of the most profit-
able article of commerce. That the ego-
tistic attempt of one people to force their
religion upon another race always leads
to bloodshed and that, to sum it up, the
Chinese are happy to be hated by us for
their present hatred of foreigners.

The subject opened up is one too deep
for adequate handling in a brief news-
paper article and becomes a weighing and
balancing of theories, rights and privi-
leges as well as of the practical handling
of the world's events as they are.

We agree with the gentleman in sub-
stance, although we hardly think the
missionaries are at all responsible for the
selling of China. The brief item
which excited the gentleman was not
offered in the way of serious advice to
the administration but was simply a thought
of a possible way to punish China with-
out the sacrifice of thousands of soldiers,
the expenditure of millions of money,
and the involving of the whole civilized
world, perhaps, in a warfare over the
spoils and division of the yellow man's
country. It is not expected that any such
course as was suggested will be taken.

Discussing the matter from a practical
point of view, this is an age of trade and com-
merce. Money is king as never before
and the Chinese trade is immense and
immensely profitable. No further argu-
ment is needed to show that the merchant
princes of the world will force the
Chinese question to a speedy settlement
at whatever cost in human blood and with
very little regard for any rights the
Chinese may have to their own country.

This is an age when money-might is
monarch, whether in China or in the
United States. The diamond-studded and
golden-rod Transvaal.

There are many voters who are saying
they will not vote this year. They do
not altogether like the administration's
course on the trusts or on the other
they cannot vote for free silver. As the
campaign becomes warm and the issues
are made more distinct and clear, it
is probable that the number of
votes that will be thrown away will be
very few. People will vote for the best
there is according to their several ideas,
with regrets perhaps that something
nearer those ideas is not offered them,
but they will vote, and for one of the
leading candidates.

A. W. B.

There has been some development
along the line of state politics the past
week. The date has been fixed for the
state convention and for holding caucuses
of the Republican party. In the matter
of state officers it is a practical con-
sideration that Gov. Crane will succeed
himself and that Lieut. Gov. Bates will
be continued in his present position until
there is room higher up. There will be
something of a contest for state auditor
with the present incumbent, John W.
Kimball of Fitchburg. Henry Turner of
Malden and Samuel George of Haverhill
in the field. The real interest in the cam-
paign will however develop later when
we begin to talk district officers and will
get warm on senatorial representatives.

We publish elsewhere the poll tax
collection for 1900 as per book just issued
from the assessors from the Gazette
office. By comparative figures of 1900 it
will be seen that with the single excep-
tion of Precinct 2, which has a gain of
several, there is a gradual falling off with
a total of 10 in town.

It does not follow from the above that
our population is diminishing, but the
assessors perhaps are a little more con-

servative. We annually raise and ap-
praise and estimate of taxes and this
sum goes largely to poll taxes which can-
not be found. With a large element of
quick or floating population, there are
always a great many men in town the
first of each month who cannot be found
the first of the next and this applies more
largely to May than any other month as
many people get out of our factories as
soon as the warm weather comes in and
find other employment. Hence each year
a large number of poll tax assessors, and
as we have said, the assessors are getting
more conservative in the use of names,
which are extremely uncertain.

The bridge is a commercial and mercan-
tile necessity, and will be of great advan-
tage to Weymouth and Quincy, but its
benefits reach far beyond the two munici-
palities which border the river. Suffolk
County and the county which is largely ben-
efited by it, and it is hoped that when the
commissioners to be appointed to place
the cost of construction get to work they
will make a broad and conservative view
and not confine the expense to narrow
limits—Weymouth Times.

These comments the Gazette on the
Fore River bill. The duty of the commis-
sioners will be to see that there is a need
for the power, to expend they will be
obliged to confine the expenses to narrow
limits—Weymouth Times.

While the commissioners will have no
power to expend they will have unlimited
power to expend who shall pay for what is
expended and in justice and equity should
make the covering of expenses the re-
sponsibility as will be the use of the bridge,
tensive as will be the use of the bridge,
tensive as will be the use of the bridge,

Mrs. John W. Bates—Obituary.

"Sunset and evening star,
And I have heard the grating roar
Of pebbles which the waves draw back,
And so I get out from the bay,
When I go down to the sea again."

While we were generally known that
Mrs. John W. Bates of East Weymouth
had been in feeble health for some time,
outside of her immediate family but little
was known of her intense suffering for
the past four months and the extreme
danger of her situation.

The doctors decided that there was a
bare possibility of saving her life by an
operation, and for that purpose she was
taken to the Massachusetts General
Hospital last week Thursday and died
after operating on Saturday.

Mrs. Bates (Nancy H.) was a daughter
of Eliot and Caroline (Richards) Har-
rington and was born in East Weymouth,
April 11th, 1837, and her life has been
spent among the friends and relatives of
her childhood. Her father, a successful
merchant, she took a deep interest in the
Methodist church and for more than a
half century has been identified as among
its best workers and most ardent sup-
porters, and there, as well as in her home,
she will be sorely missed.

Funeral services were held at her late
home Tuesday afternoon and were largely
attended. Rev. J. H. Allen of the M. E.
Church paid a beautiful tribute to the de-
parted, and C. W. Bailey, with A. M.
Barnard as accompanist, gave the fol-
lowing selections: "No heart but thine
in love," "Blessed be thy name," and
"Gates Ajar." Floral tributes were many
and choice, the casket in which the re-
mains lay being entirely covered with
flowers.

Decreased leaving a husband, John W.
Bates; one son, Dr. Edward Bates, of
Boston; a daughter, Mrs. Fred J. Clark,
of Lawrence; and one brother, Charles
Harrington, of East Weymouth.

The burial was at sunset one in
Falmouth Cemetery.

Ernest Phillips Dead.

Ernest W. Phillips, a well-known young
man about town, passed away at an early
hour Wednesday morning, after a nine-
days illness of typhoid fever. He was 23
years of age and was a native of East
Weymouth, where he was born, being a son
of John Phillips of Broad street.

The funeral services will be held at 2 o'clock
this afternoon.

State Republican Convention.

The Republican state committee at a
meeting on Friday selected Thursday,
Oct. 4, as the date of the state convention
which will be held in Boston Theatre at
10 a. m. Congressman Lawrence will be
chairman of the convention, and the
Governor and the committee are the
committee on resolutions. The other
members at large on the committee are:
C. Henry Hutchins of Worcester, John
D. L. Gauss of Salem, William Scollard
of Malden and Francis H. Manning of
Boston.

The caucuses must be held either Sep-
tember 24 or 25, except that delegates to
representative caucuses may be elected
October 1 or 2.

The state delegates-at-large for each ward
of a city and for each county delegate
for the first seventy-five votes cast for
the Republican candidate for governor in
1899 in each ward of a city and in each
town, or for a fractional part as large as
seventy-five votes or so.

The towns in the First Norfolk county
district will be entitled to 17 delegates,
as follows: Braintree, 3; Canton,
3; Hingham, 3; Hyde Park, 3; Milton,
3; Quincy, 2; Randolph, 3; Weymouth, 3.

Proty Wedding at Residence of Dr. and
Mrs. G. W. Tinkham.

The residence of Dr. and Mrs. Granville
W. Tinkham of Front street, presented a
brilliant appearance last evening, the
occasion being the marriage of Dr. Tink-
ham's sister, Miss Caroline S. Trank, to
Mr. Albert J. Norton of Duxbury, Col.

The parlors and reception hall were pre-
tiously decorated with cut flowers and pro-
fusions of palms and tropical plants pre-
dominating, and the lawn was prettily
illuminated with Japanese lanterns. The
ceremony was performed under a full
bell by Rev. Henry B. Snyder of the Union
Congregational Church of Weymouth and
Braintree, and was witnessed by only the
immediate relatives and friends of the
contracting parties. The bride was
charmingly attired in cream silk and chif-
fon. A reception followed the ceremony,
Mr. and Mrs. Norton being assisted in re-
ceiving by Dr. and Mrs. Tinkham. Over
one hundred invitations had been issued
and nearly as many fashionably attired
ladies and gentlemen attended congrat-
ulating the newly married couple.

Many beautiful and costly presents were
received. The happy couple left at 10
o'clock for Richfield Springs, N. Y.,
whether they will go to their future home
yet remains to be seen. The bride's
attendant, Miss Grace Tinkham, was
attended in accordance with the bride's
own taste.

HOSE 2 IN LEAD BY ONLY 7 VOTES OVER HOSE 3.

JOHN S. BACON
AGAIN LEADS WITH M. FOWD A
CLOSE SECOND AND EDWARD
FANES, THIRD.

N. & L. 5 JUMPS AHEAD TO
THIRD PLACE.

The third week of the Firemen's Popu-
lar Voting Contest sees a large increase
in the voting, indicating much interest in
the presents to be given at the close.

HOSE 2 holds the lead again but by a
narrow margin with HOSE 3 only seven
votes behind and HOSE 4 leading 3 of
South Weymouth taking a long jump
ahead into third place.

John S. Bacon leads again for the most
popular fireman with Matthew O'Dowd a
close second and Edward Fanes third.

The Hot To Bother

With that dining-room clock? And instead of hugging it down street you'll "goose" at the time until cool weather comes. You can avoid bother and yet have the benefit of the clock. Send us a postal card and I will call for the clock, repair it, return it, and keep it going.

Or if it is a broken handle on a silver case, basket, or silverware than make repairing, or jewelry that needs mending, or a watch out of order—whatever is wrong, I'll be glad to save you trouble by going to you for it instead of your bringing it to me. It isn't bother to me—IT'S BUSINESS.

YOUR LOCAL PAPER.
The editor of the Richmond (Ind.) Enterprise before his readers the lack of appreciation oftentimes felt by the profession and tells them of some ways in which they can be of service to their local paper, thereby improving the paper and giving the public the benefit of their co-operation with the editor. The matter of cooperation is one that cannot be too strongly emphasized from any point of view.

"If you say any idea of what it has done for you, and as to what you might do in return, here you ever given that a passing thought?"

"The paper has done fifty things for you and is only anxious to do fifty more. It told your friends when your parents were married."

"It announced to the world when you were born."

"It recorded the events of your childhood, when you were lost as a wandering boy, when you fell into the washbasin and scalded, when you fell from the cherry tree and broke your collar bone, when you first started to school and when you earned your first prize."

"Later on it told how you had completed the studies of the district school and how bravely you recited your graduating oration."

"It told of your entering high school or academy. It told of your contests in baseball and tennis. It told of your departure for college or your first venture in business."

"It told of your various visits back to the old home neighborhood, and it always wished you well in your greatest undertakings."

"It hinted modestly about the first time you were a courtier and gave timely warning to 'for folks' that the neighbors have that matters were growing interesting over their way."

"It announced the time of your expected wedding, and it published the notice of marriage license and gave you a nice puff concerning the wedding ceremony."

"It told of your extended honeymoon tour and of your settling down to house-keeping."

"When you were sick the home paper, week by week, informed your more distant neighbors of your lapses and improvements."

"It told about your lost cow and led to her recovery. It told when your horse was stolen and led to the arrest of the thief."

"When you were getting dull and tired through the monotony of your labor, the paper urged the people to get up a celebration and the people much which you suitable committee of arrangements."

"And when it was all over it gave you just praise for the success of the undertaking."

"It was a source of pride to you and your neighbors to have your name in the paper. And you would never have had your laundry order or your housework recognition from the community but for the kind aid of the local paper."

"If you are a member of a Sunday-school or society of any sort, that same paper publishes your announcement and the various proceedings of your meetings."

"It tells the people much which you would like to have known, but which modesty or necessity prevents you from telling."

"If you and your folks have been prosperous and fortunate in your affairs, the paper has boasted you all the way. If you have had misfortune, the paper asked for sympathy in your behalf."

"Thus the paper has rejoiced when you rejoiced and wept when you wept. If you are a good and enterprising citizen, the paper will always be your friend and will back you in your enterprises and will help to find your business friends."

Grand Voting Contest

IN HONOR OF THE

FIRE LADDIES

Of All Parts of Weymouth and East Braintree.

That our Fire Laddies deserve prominent recognition and appreciation in a substantial form is a fact—that the GAZETTE should be in every household EVERY WEEK is also a fact. To the end of accomplishing both results, the publishers of the GAZETTE have decided to give the people of Weymouth and East Braintree the opportunity to "kill two birds with one stone," so to speak, hence this Grand Voting Contest.

WE SHALL GIVE AWAY

To the Hone Company or Hook and Ladder Company that receives the most votes. *A Set of Barry's Patent Stringing Silver Moulded Harmonica*, built solely for fire department use. The lowest net price to anyone is \$185.

To the Hone Company or Hook and Ladder Company that receives the second largest number of votes. *A Pair of the Best Pure Rubber Long-Leased Boots to each member of the company.*

To the Hone Company or Hook and Ladder Company that receives the third largest number of votes. *A Large Size American Grappling-hook*, complete, with three dozen metal records, that will furnish the company and any of their friends unlimited entertainment.

A Set (129 Photos) of Beautiful French imported China, that will be greatly prized by the wife of the fortunate fireman, will be awarded to the fireman who receives the largest number of votes as the Most Popular Fireman.

An Elegant Morris Chair, that will give pleasure and comfort to the whole family, will be awarded to the fireman who receives the second largest number of votes, as the Fireman Second in Popularity.

An Elegant Go-Cart, in other words, a baby carriage, with rubber tires, and all modern improvements, will be awarded to the fireman who receives the third largest number of votes, as the Fireman Third in Popularity.

+++

The quantity of grain is constantly growing less from the time of harvest till it is secured in the granary. After the farmer has made up the trouble of raising good crops, it is of the greatest importance to secure them in good season.

+++

With a heifer having her first calf, milking should be continued as long as possible before the next calf is born, in order to establish the long period of lactation, for if the heifer cow goes dry early after the first calf it will be extremely difficult to carry her beyond that period afterward.

Do not get discouraged because you do not handle much money. In improving your farm and accumulating stock you may be getting rich faster than you think. Do not go in debt. Do not buy stock and tools you do not need. Take good care of what you have.

111

Threshing Grain should be attended to as soon as possible. When it is harvested sufficiently dry for this operation; for a large number of deprecators will be destroying it. Besides what they eat and carry away, they make great havoc by waste.

114

When the conditions will admit, August is one of the best months in which to set out strawberry plants. If a good, vigorous growth can be secured at this time a fair crop of fruit may be secured next spring. As with all crops, the soil should be prepared in good till and care taken in setting out the plants, in order that a good growth may be secured.

During a part of August, the farmer has some little respite from his hard labor, yet there is much to do in securing the matured crops, taking care of those that are growing, and doing many things in preparation for the future which cannot generally be so well done in any other season.

Oats or early September on the whole, is the best time to sow grass seed; that is, to lay down laid grass to be cut and cured for hay. It is worth while to take more pains to pick out just such kinds of seed as ought to grow together, and to keep the early and late sown by themselves.

The manure for wet lands should be hauled on, before the season continues dry, and

A dark, textured surface, possibly a book cover or endpaper, showing signs of wear and discoloration. The texture is grainy and uneven, with some lighter patches and darker spots. There are some faint, vertical lines or creases visible, suggesting it might be a folded piece of paper or a book cover. The overall appearance is aged and worn.
